Dress Code

The dress code policy is aimed at Ahex being in line with its business requirements. Our business attire influences our image and customers' perception of our company. It is therefore extremely important that we act responsibly and judiciously.

It is management's intent that work attire should complement an environment that reflects an efficient, orderly, and professionally operated organization.

Employees can be dressed in business casuals throughout the week. However, all employees are expected to be dressed in business formals during a client visit.

It is recommended that people working out of client sites adopt more formal attire on all days. Please use your judgment to adapt your attire such that the spirit of the guideline is maintained. Upholding Ahex's image is the sole responsibility of the employee and their decision on what is an appropriate dress. A few examples of appropriate and inappropriate business casual are stated below:
